What are Legal Protection Products?

ARAG's Legal Protection Products are an important risk management tool for Canadian families and businesses alike. They provide affordable access to legal document templates, legal advice and representation in courts and tribunals when people or businesses are faced with unforeseen legal issues and might otherwise be deterred from exercising their legal rights only due to the substantial cost of doing so.

The justice system can be complex and is expensive. Just an hour of a lawyer's time costs hundreds of dollars and going to court could cost many thousands. It makes sound financial sense for everyone to protect their legal position and reduce their financial risk.

Why ARAG?

People rarely expect to encounter a legal dispute. But workplace issues, faulty goods or CRA audits are all too common. Resolving such issues is time consuming, complicated and could be financially crippling. ARAG's products help you defend your legal rights without worrying about the cost.
